The KSRC is pleased to present its 5th annual state educational meeting. This year's event is at the Four Points Sheraton, located just off Interstate 75 in Lexington, Kentucky. The program this year is dedicated to the topic of "Pulmonary/Cardiovascular Issues: Making the Connection"

We will be having our annual Sputum Bowl competition. We are looking for both first year and second year student teams. All will compete together for the right to call themselves the Kentucky State Champion. Get your teams together and start practicing for this exciting event. Look at the KSRC web site for registration materials.

Program Objectives

After the presentation the participant will be able to:

- Discuss Biological and Chemical Terrorism and the effects of contamination
- Discuss advanced modes of ventilation
- Increase understanding of the effect of Sleep Apnea on the Cardiovascular system
- Recognize the importance of motivation and discuss ways to motivate
- Explain the impact of pulse oximetry monitoring
- Provide a comprehensive overview of the application of oxygen therapy in the home
- Review the pathobiology and management strategies of severe asthma
- Define how respiratory services are critical to effective management of patients
- Understand that underlying CHF adds to the difficulty in treatment of COPD
- Understand the difficulties dealing with end of life issues
- Review common thoracic injuries, physical findings, assessment techniques, and management
- Recognize the correlation between COPD and Asthma
